Optional wine tasting fees and gratuity are not included in price.

Wine Country picnic includes: delicious organic greens, artisan cheeses, fresh deli meats, fresh baked bread, orzo feta salad, seasonal fruit, dessert, and a variety of drinks.

Explore a little slice of heaven

We've discovered one of the most beautiful cycling spots in the Napa Valley—quiet, little traffic, small, family-owned wineries, yet only 15 minutes outside of either downtown Napa or downtown Sonoma. You will ride through the relatively cool Carneros appellation. The breezes and evening cooling influences of the nearby San Francisco Bay make this area an ideal place to grow Pinot Noir and Chardonnay, two varietals that do not like the more intense heat of the Napa Valley. Much of the Chardonnay and Pinot Noir that you will taste in Napa are in fact grown in Carneros, the only local appellation to straddle two counties (Napa and Sonoma). The scenery and quiet roads are reminiscent of Burgundy, France. We ride along rolling hills, enjoying wide open views of the lush, green vineyards. While you taste wine, we will set up a delicious picnic lunch at one of our winery stops. You may have the opportunity to visit a world-renowned sparkling wine producer, taste some unusual varietals such as Pinot Meunier, or taste wine in a historic barn. Around 3:30pm we head back to our meeting location, where we bid you farewell and thank you for riding with us!

Note: Olive oil tasting available for an additional \$20. This tasting fee includes a complimentary bottle of oil.
